

## DANGER LURKS IN THE CESSPOOL

Janesville People Over a Mine Which May Explode Any Moment.

## MAY BREED EPIDEMIC

Deadly Menace of the Cesspool Must Be Avoided by a Sewerage System.

## VOTE FOR IT NEXT TUESDAY

The question of sewerage upon which the people of Janesville are to vote at the coming election is not one of mere public improvement. It is a question of vital importance and it is the duty of every voter to investigate it thoroughly. If the voters will give the subject a little thoughtful attention there could be no doubt of the result of next Tuesday's election. If the people vote against city sewerage it will be because they are the victims of that greatest crime in an American citizen—indifference and ignorance on the issues of the day. If city sewerage is defeated at the polls it will be because the people are asleep to the dangers around them and because they have not made the slightest effort to open their eyes to the truth.

**Sewerage Is No Fad.**  
City sewerage is no fad. It is a vital necessity. The health of the community demands it and at once. The danger which lurks in the present system of caring for sewage cannot be overestimated.

The people of Janesville are living over a mine which may explode at any time. It may not come today or tomorrow but it will surely come in the near future unless something is done quickly. This is no idle statement, no wild exaggeration, but facts which the investigations of scientists and physicians have substantiated.

**Cesspool Deadly Menace.**  
Dr. Q. O. Sutherland, for many years a member of the state board of health has given the subject much careful study and he declares, the cesspool to be a constant and deadly menace to public health, with a power all the more potent because it does its work quietly and unceasingly.

Few people know what cesspools are doing in Janesville today. The ordinary cesspool is ten feet in diameter and it lasts about five years. Investigation has proven that the ground for ten feet in every direction from the cesspool is totally destroyed, thoroughly saturated with poison and can never be recovered or purified save through the roots of trees. Thus one cesspool destroys forever a circle of ground thirty feet in diameter. The cesspool lasts five years. When it is filled another is built, then another and so on. How long will it take for the entire residence lot to be soaked with disease breeding poison?

**Soil Reeks With Filth.**  
In the grass above this pollution children romp and play. In the summer they lie on the ground and their days are practically spent on the soil reeking with filth. If anyone thinks this statement overdrawn let him put his face to the ground which has been corrupted by a cesspool and he will readily detect the telltale odor. The outdoor closet with its offensive odor, is bad enough, but the vault is seldom moved and the children do not play in its vicinity.

The danger from the cesspool is never ceasing because the trees which would purify the ground are not planted and in case they were a generation would have passed away ere they accomplished their mission. Another danger lies in the contamination of drinking water. Of course the city water comes from below rock and is unpolluted, but many families still depend upon wells for their water supply. Perhaps in the same neighborhood one or more old wells have been transformed into cesspools. It does not need a scientist to see the result. Common sense shows that all of the water at the same level is contaminated and that those who drink it are in constant danger of disease. Medical authorities declare that if we continue the present cesspool system for twenty years we will be called upon to suffer an epidemic which will cost us more financially, to say nothing of the loss of life, than the most expensive system of sewers that could be put in.

**An Epidemic Certain.**  
Statistics show that the mortality in cities which have sewerage is much smaller in proportion than in those who let private citizens make whatever disposal of sewage they please. Especially is this true in case of typhoid fever, in which the mortality is about 20 per cent greater in cities without sewerage. In diphtheria and scarlet fever the difference is about 12 per cent. No estimate can be made of the insidious effect upon the lives of people who live above polluted ground, but it certainly has its influence upon their general health. If an epidemic should break out, the owner of a private sewer would find that he had no protection and that his family would be as liable as any other to be swept away by death. This is no unfounded cry of the calamity howler. It is the voice of warning, it is authorized by those who are thoroughly informed and it behooves the people to be wise and heed it.

Economy of finance and the preservation of life demand a general system of sewers. Vote for it.

## SEWERAGE SYSTEM IS A NECESSITY

Sneer of the Recorder in a Quotation from a Madison Paper Does Not Apply.

The Janesville Recorder uses the following from the Madison Journal to cast a sneer at the local sewerage agitation:

"Janesville is to vote Tuesday on the question of whether the citizens desire a sewerage system. It is a matter concerning which Janesville should go slow and respect the opinions of experts. Madison made the mistake of laughing at the advice of university professors and following some confident home talent and we are not out of the woods yet."

The above does not apply to the necessity of a sewerage system. Madison recognized the need of sewerage, but they went at it wrong. A theoretical University professor invented a plan that would not work practically and the result is trouble. There need be no such difficulty in Janesville. There can be only one system employed here and that is to dump it into the river. There is no need to go slow about that. The question is do we need a sewerage system? and the voters will not doubt answer that in the affirmative next Tuesday.

## KNOX CALLS ON PRESIDENT.

New Attorney-General Visits the White House.

Washington, March 30.—P. C. Knox of Pittsburg, to whom the president had decided to offer the attorney-generalship, arrived at the white house about noon. He was with the president for over an hour. After he left the white house the following official statement was made:

"The president has invited Mr. Knox to accept the office of attorney-general. Mr. Knox has not yet signed his acceptance and will not until after his return home." Mr. Knox will return to Pittsburg today.

Leon Munger left his afternoon for a week's visit with relatives at Palmyra, Wis.

## WAR BETWEEN RUSSIA AND JAPAN DECLARED TO BE ALMOST CERTAIN

The Mikado is Marshalling His Army and Assembling His Fleets as Fast as Possible—Manchurian Treaty May Be Signed Next Week.

Washington, D. C., March 30.—In diplomatic circles the trouble in China is the only subject of conversation and a clash between Russia and Japan is regarded as almost certain. The fact that the Manchurian convention has not yet been signed is thought to mean only the postponement of the trouble.

Russia's verbal assurances that she means nothing regarding Manchuria except the protection of property until a stable government is restored, it is said, are not regarded with great favor as she evades putting it in writing. When the fighting begins Korea and the Yellow sea are to be the scenes of strife. Russia in men and resources is so far the superior that comparison cannot be made. Yet in naval strength the two nations are fairly well matched. Russia will have to sail 7,000 miles away from her base. This must be weighed against superiority in resources. The diplomats see in the situation a balancing of advantages and disadvantages which makes the outcome not certain. In their opinion a game of war between antagonists fairly well matched is about to be played.

Neither the Russian ambassador nor the Chinese minister has received any word of the final action on the convention. The Chinese minister was at the state department today, having returned from a three days' visit to New York. He is without advice, however, since the last dispatch from the Southern viceroys expressing the hope that the United States will induce Russia not to press the convention.

St. Petersburg, March 30.—It is probable that the Russo-Chinese Manchurian treaty will not be signed before Monday or Tuesday, at the earliest. The delay is due to the difficulty of the Chinese government to the natural difficulties of communication between the Chinese court, Peking, and St. Petersburg.

## RATS IN FLATS THAT ARE STARS

An Ashland Man Tells a Funny Tale of Rodent Mischiefs in a Court of Law.

Ashland, Wis., March 30.—Rats have taken possession of one of the finest apartment houses in the city and the present tenants, who are being sued for rent, allege that the house is so infested with the pests that to live there in peace is simply out of the question.

Eaton J. Russell, a tenant, told the following story to the court officers: "Rats the size of a kitten and dwindling down to dwarfs; patriarchs with gray whiskers and youngsters whose beards are just sprouting; good rats, conservative heads of large families, and others showing a tendency for a Bohemian life; singly and in droves, in families and communities, have taken possession of the house." Mr. Russell says that no court on earth can make him stand for such an aggregation of rats. "I have seen rats before in my life," continued Mr. Russell, "and have read of Bishop Hatto's experience and also of the Pied Piper of Hamelin, but their stories are as dull as weather bureau reports when compared with mine. When I moved into the house with my family, a delegation of rodents called to determine if we should be permitted. They examined all of my furniture, chased my servants around the place and stole entire dinners off the dining room table.

"Nights they would get up on the foot of my bed and talk scandal. I stood this until the women folks got into the habit of walking on chairs and the tables and then I moved out." George E. Jones, a tenant who unsuccessfully defended himself a year ago, supplemented Mr. Russell's evidence today. He said that he had been willing to put up with the ordinary flat life, but he finally drew the line on the rats in the Moser flat. They were too many and too original for him. They wanted to run things too much and lived too strenuous lives. "Of course," went on Mr. Jones, "rats must take exercise, but when they pull off six-day-gas-as-you-please races in your hall and lay out golf links in your dining room and parlor I think that it is time to call a halt. I am disposed to be fair minded, but thought it was carrying things too far when my sitting room was utilized for a red-light district. "I introduced weasels to exterminate the pests, but the most of them resigned their jobs when they looked over the field. A few that remained fell victims to the benevolent policy of assimilation adopted by the rat congress." The case is exciting no little interest and the outcome is being watched by many.

## BELOIT COLLEGE ALUMNI BANQUET

Chicago, March 30.—Beloit college alumni held their annual banquet last night at the Chicago athletic club, and talked with the trustees of recommendations for a new president to take the place of President E. D. Eaton who resigned recently. No candidates were mentioned by name. The only direct suggestion came from Dr. D. K. Pearson through one of the trustees. He thought that they should insist on retaining President Eaton.

Plans for arising the necessary endowment upon which Dr. Pearson's latest gift of \$200,000 depends were discussed. Trustees F. G. Logan asked the alumni to see that the remainder of the \$150,000 the college has undertaken to raise is provided before the June commencement.

Dr. F. W. Gunsaulus was the principal speaker of the evening. He delivered a eulogy of the small college as compared with the great university. President Horace R. Hobart of the Beloit alumni association and Trustee E. H. Pitkin were among the other speakers.

## BARRYMORE IN AN ASYLUM.

Actor Becomes Insane and Is Sent to Bellevue.

New York, March 30.—Maurice Barrymore, known to all the matinee girls and theater-goers generally, one of the most conspicuous of leading men for many years, became suddenly insane on Thursday evening, and, after an interval in which he appeared sane, became again erratic this afternoon at the Lambs' club. Late in the day he was taken from there to the pavilion for the insane at Bellevue hospital. Reports that the actor's mind was failing have been in circulation from time to time for several months, but in each instance they were denied. It has been known, however, among his friends that Mr. Barrymore was suffering from some nervous disease which was encroaching upon his intellect.

## STEAL BODY OF CHINAMAN.

Gam Lee's Remains Are Carried Off in a Hack.

St. Louis, Mo., March 30.—Hop Alley was thrown into a ferment of excitement when three men rushed into the room where the remains of the late Gam Lee, "King of Hop Alley," were laid out, and stole the corpse. The coffin was thrown across the footboard of a hack and driven rapidly away. A colored man who was hired to watch the coffin gave chase and finally found the carriage with the coffin at Twenty-third and Pine streets.

The contents had not been disturbed, but the coffin showed the effects of rough handling. It was returned to the house.

It is believed the stealing was done either on a bet or as a drunken lark. John Ryan, Lawler, Daly, and Billy Condon have been arrested, pending investigation.

Gam Lee died last Tuesday and will be buried with great pomp Sunday.

## SULTAN FEARS TREACHERY.

Will Exclude Tourists from Provinces of the Yildiz Kiosk.

Constantinople, March 30.—Owing to apprehensions of attempts by anarchists upon the life of the sultan, his majesty intends to completely exclude tourists from the precincts of the Yildiz Kiosk. As a step in this direction he has ordered the demolition of the pavilion erected at the grand gate of the palace grounds for the accommodation of tourists hitherto permitted to attend the Selamlik.

Arrests of Bulgarians continue to be made in the district of Monastir. A small band of Bulgarian revolutionaries is reported at Erud. The authorities have discovered that arms are being smuggled in spirit barrels. The garrisons at Kumanovo and Uskub have been further re-enforced.

## HE IS DREADFULLY CUT AND BRUISED

Serious Condition of J. J. Donnellan Who Was Badly Hurt in the Head End Collision.

A postal card received this morning by relatives from Mrs. J. J. Donnellan, who is at Green Bay taking care of her husband who was so badly injured in the head end collision between a Northwestern passenger and a freight train at Little Rapids on Wednesday says:

"The poor fellow is dreadfully cut and bruised you would not recognize him. He has three scalp cuts; his face is one mass of cuts and bruises. His right arm is badly mangled and, his back bruised. He said he knew nothing from the time they collided until long after they reached the hospital."

Donnellan was just in the act of putting a fire into the engine when the collision occurred. He was bent over in a position where he could not see out. He heard the passenger coming but never dreamed that the switch was open so went on with his work. The passenger was running sixty miles an hour when they struck the freight.

## HOPE TO AVOID STRIKES.

Publishers' Association and Typographical Union Negotiating.

Albany, N. Y., March 30.—State Commissioner of Labor Mackin has issued his quarterly labor bulletin. Among other things it says: "Negotiations are progressing toward a compact between the American Newspaper Publishers' Association and the International Typographical union which if adopted, will establish the peaceful methods of arbitration in place of strikes or lockouts in that large part of the printing industry controlled by end of December, 1900, the labor organizations in New York numbered 1,697, with an aggregate membership of 242,184 men and women, a net gain of 44. The percentage of labor unionists idle at the end of December was 22, as compared with 19.4 in 1899."

Certain visitors are permitted to see Aguinaldo but newspaper interviews with the prisoner are not allowed. Since Aguinaldo has been domiciled at the Malacanang Palace persons not provided with special permits have been denied admission to the grounds.

## TOTAL COST OF THE PHILIPPINES

Expense to the U. S. Thus Far is Estimated at \$202,583,000 in Cash, and 3,028 Deaths

Washington, March 30.—The Philippine islands since the beginning of the insurrection have cost the United States \$202,583,000 in money, 905 officers and men killed and died of wounds, 2,120 in officers and men dead from disease. It is difficult to make an estimate of the cost of the Philippine war in dollars and cents for the reason that no exact dividing line can be drawn between the present cost of the army and navy and the amount that would have been expended for the amount of these establishments had not the islands been acquired. Deducting \$73,000,000 from the increased expenditures on account of the army and navy for these reasons leaves a net increase of expenditures

under these heads on account of the Philippines of \$129,583,000. To this amount must be added \$20,000,000 paid to Spain under the treaty of Paris and \$100,000 paid for the islands of Cagayan and Sibutu; interest on the war loan since June 30, 1899, \$3,423,000, and the cost of the various Philippine commissions and other miscellaneous expenditures estimated at \$500,000. This brings the total cost of the islands to date up to \$202,583,000. The total cost of the islands in the lives of American officers and men has been 3,028. Of these the army lost fifty-four officers and 830 men killed in action or died of wounds, and forty-eight officers and 2,072 men who died of disease. The navy lost two officers and sixteen men killed in action.

## FIGHT ON PRIMARY ELECTION BILL; FINAL BATTLE OCCURS NEXT WEEK

There is No Chance for It To Pass the Senate in Its Present Shape—Compromise Talk—Legislative News and Gossip.

Madison, Wis., March 30.—This has been the busiest week of the legislature so far as disposing of a number of bills is concerned. About 200 bills have been put out of the way, but only a few of them were of much importance, and the important issues are still to be settled. These are the primary election bill, the railway and street railway taxation questions, and the apportionment of the state into senatorial and congressional districts. More than two hundred assembly bills are still in the hands of committees, and the clerks estimate that the legislature is about eight working days behind the session of two years ago, and this estimate

## Just Between Ourselves

The year 1901, hailed by the majority of mankind as the beginning of a new century, will be a memorable one in local church history for the discovery of the rummage sale—a discovery which possibly marks the beginning of a new era for the women who band themselves together as aid societies and to whom is entrusted much of the burden of solving the financial problem of church existence.

The history of the rummage sale in Janesville has proved to be but a repetition of history of the greater part of humanity's benefactors. Jeered and derided at, regarded as a huge joke but a few weeks ago, it has come to be almost revered by the women who have been accustomed to giving days of hard labor and dollars' worth of provisions towards a church supper over which they were expected to feel hilariously elated if the receipts exceeded the twenty dollar mark.

As a money maker the rummage sale has been a stupendous success and the financial results of the venture are almost beyond belief. The most enthusiastic promoters of the sale have been almost stupefied with surprise and those who have laughed the sale to scorn may be interested to know what it has done for Janesville.

The Congregational church social club, pioneers in the movement, started out with the intention of conducting a two days' sale and with the wild hope of realizing \$100. The sale was so immediate in its success, so great was the demand for its continuance, that for ten days the work went steadily on and when the social club ceased labor in order to give another church a chance, the net proceeds were \$336.40.

The Baptist Ladies' Aid Society and King's Daughters joined forces and continued the sale with fear and trembling and in spite of the croakings of those who said they wouldn't make enough to pay their gas and coal bills. At the end of the week they had cleared nearly \$200, and the demand was so great that the ladies of Court Street M. E. church took up the work and by two weeks of labor had the pleasure of adding \$286.69 to their treasury.

Then came the First M. E. church ladies, who netted something over \$226 in two weeks and the Presbyterian ladies who cleared over \$180 in one week. During the last week the Woman's Auxiliary to the Y. M. C. A. has conducted the sale in another store and in spite of the fact that they are at the end of the list the ladies will have about \$100 to show for their work.

Of course it must be understood that none of these sums would have been so large had any charge been made for the stores in which they were held. The expenses were very light. Equally, of course, the results were not accomplished without hard work by the people of the churches, especially the women, but women are willing to work in a good cause any time and especially when they can see large returns for their labor.

The rummage sale had its ludicrous

side and the fear of the man who put all his clothes in one closet, locked the door, and put the key in his pocket, was not unfounded. At any rate he had the profound sympathy of a fellow sufferer who was compelled to buy back the coat and vest in which he arrays himself while mowing the lawn in summer and which his over zealous wife had thought some other man would like. It was quite a frequent occurrence for those who were working at the sales to try to sell wraps and gloves which had been laid down carelessly by others who were serving as temporary clerks and many a rescue was made just in the nick of time. One young gentleman who was assisting at one of the sales put his overcoat down for a few moments and when he returned for it the coat was gone. It had been sold for seventy-five cents and delivered to the purchaser but fortunately for its old owner and unfortunately for the new, the man who bought it had not left the store and he was readily induced to give up his bargain. At one of the sales a gentleman found a work basket which he had given his wife before their marriage thirty or forty years ago. It had been sent to a second hand store several years ago and came to life again at the rummage sale. Sentiment would have required him to purchase it again but he didn't seem to be sentimental.

A prominent church worker and a woman of high social standing was the victim of one of the boldest bunco games I ever heard of. One day two well known gentlemen brought some ragged little children into the sale and gave the woman in charge \$1.75, telling her that the children were representatives of a large and needy family and asking her to give them as much clothing as she could for the money. The woman's generous heart was touched and she disregarded price tags in making up the bundle which she gave to the children. The next day a very irate woman brought the bundle back and spoke her mind very freely, declared herself insulted, abused the church people, and demanded the \$1.75. Thinking only of stopping the disgraceful scene the woman in charge gave her the money and never realized until it was too late that the money should have gone back to the men who gave it.

The rummage sale was not without its pathetic side and many tears rose unbidden to the eyes of those who saw, perhaps for the first time, the eagerness with which the cast off clothing of those in comfortable circumstances was sought for by those less favored of fortune.

Wisely conducted, the rummage sale is a great philanthropic blessing, and like the quality of mercy, it blesses him that gives and him that takes. To the unthinking it may mean simply a transfer of store rooms and to the scoffer it may seem merely a great scheme to make money. To those who bear the burden of conducting it, it certainly means tired feet and aching backs but in the hearts of those who know it best the rummage sale will always have a warm corner.

remarkably inactive of late, both at the eastern centers and with local packers. The American Tobacco Company are credited with purchasing nearly 1,000 boxes of '99 of A. N. Jones. S. B. Hedges has sold a 440s lot of '99 B's and C. L. Cliton 1500s for the week past, which comprise the principal transactions coming to notice.

### AMUSEMENT NOTES

"Arizona," which is announced as the attraction at the Myers on April 8, promises to be one of the dramatic events of the season. It has scored heavily in New York and elsewhere and is generally conceded to be one of the strongest dramas written within the last decade. It gives a picture of life at a frontier post in the territory from which it takes its name. The picture may be an impressionistic one rather than realistic, but the atmosphere is there, and the broad details, sketched in with a sure hand and a large brush. The result is the more valuable for the reason that it corrects many of our preconceived notions of what some of us are pleased to term the "wild and woolly west."

"The Tale of the Kangaroo," one of the most popular songs of the day and one of the copyrighted musical numbers presented in "The Burgomaster," from all accounts seems to possess a most catchy air, very easy to memorize and whistle, and it is a common occurrence for this song to receive eight or nine encores at each performance, and invariably after the second encore, the tune is whistled by the audience—and Gustav Luders, its composer and musical director of the company, very often during the action of this gem stops his orchestra and the entire company of eighty people sing and dance to the accompaniment of the enthused whistlers; a novelty most original and must be seen to be appreciated. It will appear here May 9.

The wonderful entertainments for which "The Hermanns," the famous

family of magicians, are noted, never fail to entertain and amuse audiences of this city. When it is announced that the last and only Hermanns now before the public, Leon Hermann, "The Great," will appear in this city April 9 patrons of the Myers Grand can feel assured that they will witness an entertainment in every way up to the highest standards of magic and mystery.

That superb play and grandest scenic production, "Quo Vadis," will be presented here soon in its entirety, with all the effects that characterized the Chicago performance, where this remarkable drama broke all records for attendance and receipts at McVicker's theater. The beautiful story of "Quo Vadis" is taken from the now famous novel by Henry Sienkiewicz, and tells the story of the dawn of christianity and the downfall of paganism. The play is presented in four acts and seven scenes. The authors of the dramatization, Messrs. Edmund J. Crane and George L. Macfarlane, have retained with remarkable fidelity the numerous startling episodes in which the book abounds, and the charming love story of Lygia and Marcus Vinicius. The comedy is supplied the Emperor, Nero, and the soothsayer, Chilo Chilonides. This seems strange to most readers as the former has always been regarded as the personification of all that was cruel and tyrannical. Nero's aspirations to be a poet and singer make him ridiculous in the eyes of the populace.

A small but delighted audience witnessed the performance of "Rupert of Hentzau" at the Myers Grand last night. It is not often that Janesville theatre goers are permitted to see so finished and excellent a stage production. Howard Gould's presentation of the dual role of King and Ransendyll was most artistic and pleasing in every respect. Frank McGlynn as Count Rupert acted the part to perfection and Eleanor Franklin's Queen Flavia was an excellent effort. The rest of the support was first class. It was a delightful show and it is a pity that it could not have had a packed house. The neglect to patronize such shows prevents more of them from coming here.

## MAYOR RICHARDSON RESENTS ATTACK

Willful and Malicious Misrepresentation Made by the Democratic Organ—Was No Salary Grab.

The Recorder in its issue of Friday takes occasion to attack Mr. Richardson, the republican candidate for mayor for his stand upon a bill which was before the legislature this session. The bill was entitled "A Bill Providing for Biennial Municipal Elections and for Other Purposes."

Among the provisions of the bill was one allowing city councils to pay the mayor of a city a small salary. The Recorder intimates that Mr. Richardson supported the bill for the sake of getting a salary and speaks of it as a salary grab. The Recorder says that Mr. Richardson appeared before the legislative committee in Madison and advocated the bill.

The Gazette being desirous of getting at the facts in the case interviewed Mr. Richardson with regard to the bill and learned that the bill was introduced and advocated by some of the members of the League of Municipalities, an organization composed of municipal officers all over the state and that he was requested to appear before the legislative committee having the matter in charge, but he declined to do so and did not meet the committee at all. Later he was requested to send to the committee a letter giving his opinion of the bill, and he wrote the following letter:

Jan. 29, 1901.  
Hon. F. B. Keene,  
Chairman of Committee on Cities, Assembly Chamber, Madison, Wis.

Dear Sir:—I have been requested to write you with regard to a bill before your committee providing for biennial elections and other purposes. I have been over this bill carefully and wish to express my approval of the general purpose of the bill. Its chief object is to increase the power of the mayor and thus provide an official who can be held responsible to the people for a proper administration of municipal affairs. I think this is the most important portion of the bill. There are some details of the bill that might perhaps be changed. I believe that two years is a long enough term of office for alderman instead of four years as the bill contemplates. Also I am not certain that it will benefit matters any to pay the mayor a salary. The mayor of any city if he attends to his duties must put in considerable time and suffer sufficient annoyance to entitle him to a fair salary, but it does not necessarily follow that the payment of such a salary will induce better men to take the office.

My experience here in connection with city affairs has led me to believe that the most important step to be taken towards a better administration of city affairs is the increasing of the power of the mayor and his consequent responsibility. I believe this to be absolutely necessary before any decided change can be made. I trust that your committee will see fit to recommend the passage of the bill. Yours respectfully,

VICTOR P. RICHARDSON, Mayor.

These are the facts of the case and no one reading this letter can fail to see that the Recorder in its anxiety to bolster up its candidate in the coming election has either neglected to post itself as to the facts or has willfully misrepresented them. The above letter clearly shows that Mr. Richardson is not advocating an increase of city salaries.

At Trinity church Palm Sunday will be appropriately observed with palm decorations and a procession with palms at the 10:30 service, together with the Holy Eucharist and devotions appointed for the day. On Good Friday the three hours' devotion will be conducted from 12m. to 3 p. m. Any who desire to join in the contemplation of the great act of Atonement are at liberty to come to the church for three hours or any convenient portion of the three hours, on that day.

St. Patrick's Church—First mass 7:30 a. m.; second mass 9:00 a. m.; third mass 10:30 a. m. Evening devotion 7:30 p. m. Rev. E. M. McGinley, dean. Rev. J. J. Collins, assistant.

## FIGHT ON PRIMARY ELECTION BILL

Continued From Page 1.

ed by the senate is certain, but just how the amendments will be sprung or how far reaching they will be is guess work as yet. Senator Hutton, chairman of the committee, is regarded as an uncertain element on the bill. He is believed to be in favor of the retaining of the state and congressional conventions, but making the law apply to the election of members of the legislature.

Senators Jones and Whitehead are understood to be opposed to this, while Martin and Miller are for the bill as it came from the assembly. On a flat question between these two propositions Chairman Hutton's vote is a guess. If it goes for the assembly bill the minority will put in the amendments without which it is not believed possible for the bill to pass the senate. Whether the assembly will concur in these amendments remains to be seen, but the narrow majority by which the bill passed the lower house gives ground for the belief that it will.

The absence of Assemblyman A. R. Hall, who has been all of the week in Minneapolis, has delayed action on the railway taxation bills, he being chairman of the assembly committee on the assessment and collection of taxes. It is hoped that he will be able to be here the coming week, but it is probable that if he is not that the bills will be reported for passage, and that the report of the committee will be practically unanimous.

Three two-cent mileage bills were killed in the assembly this week, without much opposition, but the move for cheaper passenger fares is not dead yet. Assemblyman Hall's bill is still before the committee on railroads, and he intends to make a vigorous fight for it. It provides for a two-cent fare on the larger roads which are making big profits, but does not include the smaller roads.

One of the surprises of the week was the ordering to the third reading in the assembly of Mr. Spratt's bill repealing the corrupt practices act. It was recommended for indefinite postponement by the committee but its author made a fight for it on the floor and succeeded in having it advanced. He denounced the present law as a measure which puts a premium on perjury, in requiring candidates to make sworn statements of their campaign expenses. It is a safe prediction, however, that the repealing bill will meet its death before it reaches the governor for a veto.

Another bill which was advanced after being reported adversely by the committee was Mr. Dahl's bill providing for the adoption of the Torrens system of land titles. Mr. Dahl made an able argument for the measure on the floor, and succeeded in having it ordered to third reading. But even if it finally passes the assembly, it is likely not to meet the same fate in the senate as have similar bills which have been killed at several preceding sessions.

The anti-cigarette bill will be up again in the senate next week, and will bring on another lively contest on the floor. It came from the judiciary committee on Friday with a majority in its favor, the committee vote being five for and four against the bill. The dissenters were Senators Roehr, Mills, Caveney and Weed. There is a chance now that the bill may pass by a close vote. The vote on reference was 16 to 15, but its opponents then claimed that at least five of the votes for re-reference were given out of courtesy by senators who were in reality opposed to the bill. The report of the judiciary committee is expected to work a change of heart in at least that number.

The anti-pass resolution for a constitutional amendment prohibiting passes has not come to the surface yet, and there are rumors afloat that it will be lost sight of. The rumor has few believers, however. While there are doubters several in the senate at least who would be pleased if the dream should come true, there is no likelihood that it will be permitted to die for want of attention, or that it will be killed when it does come up for action.

A bill by Assemblyman "Ikey" Karel was ordered to engrossment this week which is of considerable interest to the cities of the state. It provides that when grades or streets are changed assessments can be levied not only for damages accruing for the change of grade but for the benefits as well.

## BELOIT ALUMNI HELD A BANQUET

Meet at Chicago Athletic Club and Discuss Plans for Raising Money—No New President.

Madison, March 30.—The final oratorical contest of the university, held here last night, was won by Miss Louise Loeb of Appleton, who spoke on "The Triumph of Altruism." Ralph Rounds took second place. The Frankenburg banner was won by the Athenaeum literary society.

The final indoor athletic meet of the season will take place in the university gymnasium tonight. Coach Kilpatrick has arranged a list of events which promise some sensational contests. Besides the usual races, a number of relay races will be run between teams representing various societies and classes. In these events the greatest rivalry exists. The race of the "longs" vs. the "shorts," is the feature of the evening.

The long team consists of four men, each of which is taller than 6 feet 3 inches. The shorts are not more than 4 feet 10 inches in height. The law students will meet the engineers in relays and tug of war. The women's literary has presented a ten-foot cardinal banner to be contested for by the relay teams representing the men's literary societies.

During the evening the official "W" will be presented to the athletes who have won that honor in the last year, upon any of the various athletic teams. Among those who will receive the letter are Allie K. Wheeler of Janesville, who now holds the university record in the pole vault.

### An Honest Medicine for La Grippe.

George W. Waite, of South Gardiner, Me., says: "I have had the worst cough, cold, chills and grip and have taken lots of trash of no account but profit to the vendor. Chamberlain's Cough Remedy is the only thing that has done any good whatever. I have used one bottle of it and the chills, cold and grip have all left me. I congratulate the manufacturers of an honest medicine." For sale by People's Drug Co. and King's pharmacy.

8c 08 to Battle Creek, Mich., and Return.

On March 31st and April 1st the C. & N. W. R'y will sell round trip tickets to Battle Creek, Mich., account of Seventh Day Adventists' General Conference, at one fare for round trip, limited to April 10th, with privilege of extension to April 25th. Further information, see ticket agent C. & N. W. passenger depot.

It is not so much what the newspapers say, as what neighbor says to neighbor, or friend to friend, that has brought Chamberlain's Colic Cholera and diarrhoea remedy into such general use. It is as natural for people to express their gratitude after using this remedy as it is for water to flow down hill. It is the one remedy that can always be depended upon, whether a baby be sick with cholera infantum or a child with cholera morbus. It is pleasant, safe and reliable. Have you a bottle of it in your home? For sale by Peoples' Drug Co., King's Pharmacy.

## SPRING MEDICINE

The thing most desired of a Spring Medicine is thorough purification of the blood. With this work of cleansing going on there is complete renovation of every part of your system. Not only is the corrupt blood made fresh, bright and lively, but the stomach also responds in better digestion, its readiness for food at proper times gives sharp appetite, the kidneys and liver properly perform their allotted functions, and there is, in short, new brain, nerve, mental and digestive strength. Hood's Sarsaparilla possesses the peculiar qualities—peculiar to itself—which accomplish

Rev. C. V. Arnold

these good things for all who take it. An unlimited list of wonderful cures proves its merit. The following is as good as a thousand. Its clear, positive statements, and the high character of the man who gives it, must convince every one of the value and merit of Hood's Sarsaparilla.

"Binghamton, N. Y., Dec. 10, 1899  
 "C. I. Hood & Co., Lowell, Mass.

"Gentlemen: I can most heartily recommend Hood's Sarsaparilla. When living in Nebraska I broke down with a fever. Sores or boils broke out on me from ribs down to my feet. Physicians treated me, and the gatherings were opened, discharging large quantities of matter.

### Blood Poison

followed and I was in a terrible state. I soon returned East, as a great epidemic of fever in that country laid very many low. I called old physicians but did not pick up under the syrups and medicines which they prescribed. By recommendation I was led to try Hood's Sarsaparilla. I bought three bottles and they benefited me. Instead of continuing I called another doctor who for a

spell treated me. By this time the humor had developed into two

### Scrofula Sores

Of the worst kind. Although not deep eating or discharging profusely, they laid open the flesh in one raw mass. My last physician, a friend from boyhood, prescribed and advised that I

### Go Back to Hood's

when his medicine had been taken. So again I bought a half dozen Hood's and continued with it until I was cured. I must have used two or three dozen bottles. It cured me perfectly and I have not had a symptom of scrofula since.

"I think highly of Hood's Pills; always carry them in my vest pocket. I use them whenever I feel a little disturbed in my stomach when my food does not digest just right. They are splendid, and I never am troubled with a headache. I can truly state that I have found your medicines to be good, and am pleased to recommend them.  
 "Sincerely yours, C. V. ARNOLD."

After reading the above letter, you must believe that Hood's Sarsaparilla is a good medicine. Try it this spring. You need it. Buy a bottle to-day. You can get it of any druggist. Remember, Hood's is the only kind which is Peculiar to Itself.

## TWICE A CHILD.

There's nothing like the music of a baby's voice, or the prattle of childhood when the active little mind attempts to control the tongue in lisping the first words of speech. The mother watches the little tot, with eyes full of love, anticipating the word and the want, as only a mother can, and the father listens to the little voice that strikes a new chord in the heart, and as he stretches himself on the floor for a frolic with the little prattler, he says, "There's nothing like the music of a baby's voice."

These little lives that come into the home to bless it with their presence, and cement it with care and loving ministrations, accomplish a mission that only childhood, with its innocence and busy activity, can accomplish. The home without the child is the harp without the string, and the heart that has missed the choicest melody.

The mother, weary with care and drudgery, sits down for a little rest. The baby isn't long in finding her, and she wishes for a moment that he had come to some other home, but as he climbs into her lap, and the little hands pat her cheek, and the little mouths imprint a kiss, and the little arms steal around her neck and clasp her in loving embrace, while the little voice, sweeter than a lullaby, says "Poor mamma tired." The weariness is forgotten, and the heart is strangely warmed with the love that only a child can inspire.

The father comes in at night, weary with the toil of the day, and perplexed with trouble. The little face at the window has been eagerly watching, and when the door swings open, the little hands clap with glee, and a musical little voice says, "Hello, papa, I'm glad you come." The troubled look disappears and he swings the baby to his shoulder, and scampers through the house like a school boy.

Like a tonic to the tired nerves, and a white winged angel to the troubled mind, the little life is performing its mission.

This is babyhood. Innocent, happy, helpless, trusting. "The Master said of it years ago, 'Of such is the Kingdom of Heaven.' A great truth too often forgotten, and an object lesson of wonderful significance.

The baby sometimes goes out of the home to inherit the larger kingdom, and as the father and mother bend over the casket, from which the jewel has departed, a great wave of sorrow engulfs them, for the little hands are still and the little smile has vanished, and the little voice with its sweet melody is hushed in endless sleep, but the echo lingers as a sacred memory, and the little tendrils of love that stole into their hearts, and influenced their lives, carries with them, and thought goes out to the baby life in the Other Kingdom. The baby had a mission.

Have you ever studied babyhood and extreme old age, and id you ever notice how much they are alike?

Here is an old man and an old woman, who back in the years of childhood were taught to believe that great truth, that the Kingdom of God was within them. When reason was strong enough to grasp the truth, they commenced to cultivate the kingdom, and when good fortune brought them together on the doorstep of young man and womanhood, they plighted their faith and their kingdoms to common and helpful service. And so they went out into the years of active life, bearing its burdens, sharing its sorrows, developing character, and adding to inheritance, until they stand on the edge of time, rich in bright anticipation, innocent, happy, trusting, waiting for the gates that never swing out, to swing in and let them enter.

lements, as the Angel of Death hovers close to the life of the husband, and while he waits patiently for the frail tenement to dissolve, the wife, who for sixty years has ministered to his comfort, says, with a sweet and trembling voice, and a trusting faith that reminds of you of childhood, "He's almost home," and then bending over him she says with a voice so full of love, that it penetrates the dull ear, and calls back the fleeing spirit. "Do you know me, father?" The tongue refuses to answer, but the pressure of the hand says "Yes," and lovingly kissing the cold cheek, and tenderly caressing the face, no longer able to smile appreciation, she says, "Yes, he knows me. He will soon be home and waiting to welcome me." You turn away reverently, with the thought that ripe old age and childhood possess the same characteristics, rich in faith and loving confidence.

Happy the man or woman who comes down to extreme old age, after battling with adversity, and the tempests and sorrows of a long, and eventful journey, retaining a knowledge and appreciation of the Kingdom of God within them.

To such a life hope has long been as "an anchor to the soul," and when the valley of old age is entered, and infirmity succeeds busy activity, and the hands are folded and the mind at rest, patiently waiting for the dawning of a brighter morning, childhood is renewed, and faith and hope go hand in hand in glad anticipation.

To such a life the pearly gates are not so far away, and a little picture reveals the landscape beyond, stretching away through green fields, and pleasant valleys, while in the foreground a little group of loving comrades wait to welcome.

It's well to be "twice a child" if the second experience is full of riches that endure beyond the here and now.

## PARTY LOYALTY.

The city election to be held next Tuesday is significant because party lines are drawn, and the test of party loyalty will be applied.

The campaign has been quiet and free from personal abuse. This is as it should be, for every citizen is interested in good city government, and peace and good fellowship is an important element.

The Gazette, however, is a firm advocate of party loyalty, as a matter of principle. If a man is a republican he can usually give a reason for the faith that is in him, and if has any regard for the success or welfare of his party, he supports it on all occasions. The party stands for good government everywhere, and the man who is honored by a membership in the party can not afford to be disloyal to it.

The men whose names appear on the city and ward tickets are entitled to the solid support of the party, first, because they are republicans, selected in republican caucuses and convention, and therefore entitled to loyal support.

Second, because they are all good men and thoroughly competent. The party has a host of this kind of men, and it seldom asks a constituency to support an incompetent man.

The party has but little use for men who talk about their independence, and who place their judgment on men and measures, ahead of the judgment of party councils. This class of men are destitute of political influence, and while they may, sometimes, be strong enough to defeat the party, the victory is without glory or profit.

Every republican in the city should go to the polls on Tuesday and vote the straight party ticket. Loyalty in every department of life is a good thing to cultivate, and it is just as important in politics as in anything else. Don't join the ranks of independents. There's nothing in it but disappointment.

The city of Boston can well afford to dispense with the services of Sisto Lopez, the former secretary of Aguinaldo. If he finds rebel sympathizers in the "Hub" to form a society and support him, the whole outfit should be banished. This country hasn't very much time for that sort of nonsense. The line of contest is distinctly defined, and traitors, of whatever rank or title, should be drummed out of camp.

General Funston has won new laurels in the capture of Aguinaldo, and the nation has occasion to congratulate him. The rebellion, which has been rapidly tottering of late, should speedily come to an end. Aguinaldo has long been recognized as the leading spirit, and the superstition that surrounded his charmed life will be dispelled. If General Funston possesses the good sense to carry his honor gracefully he will be the conspicuous hero of Manila.

Don't forget that the sewerage question is to be voted on next Tuesday. Take a little time to estimate what the city will gain by good drainage and vote for the measure, if you think it is worth the cost, which is the only argument used against it. There is nothing extravagant about a necessity, and city sewerage borders on a necessity. It is bound to come in time and is worth more to us now than it will be after we go to Oak Hill.

The Carrie Nation movement has awakened unusual interest in local politics, and 6,000 women have registered as voters in the city election at Topeka. The contest is to deter-

mine whether the saloons of the capital city shall be permanently closed. In other words, whether prohibition shall be enforced. It looks very much as though the women are on the winning side, and if they are it simply means that wet goods will be a little more difficult to obtain. It means prohibition without prevention, which is always a farce.

Congressman Warner, of Illinois must be a pessimist or despicable. He has just returned from Cuba and predicts dire disaster to the island, when the American troops are removed. Congressman Cooper, of Wisconsin, has also just returned from a similar visit, but his vision was not troubled with Warner's calamities. It might be helpful, to the sicker state representative to remember that there is a "God in Israel," and a president at the white house. Cuba will be redeemed and will not be permitted to commit suicide if she is so inclined.

Congressman Cooper's report from Cuba will be read with a good deal of interest. Mr. Cooper is chairman of the insular committee and while his visit to Cuba is unofficial, yet he obtained a good deal of desirable information. He says that the Cubans will accept the conditions imposed by the United States, and after they have tested self government they will accept annexation. This is a logical conclusion and will doubtless be the result before many years.

Judge Ludwig of Milwaukee has ruled the law passed by the legislature at the last session, prohibiting discrimination of employers against union men, conflicting with the state and United States constitution. This ruling is just as the law interfered with freedom of contract and personal liberty.

The Kaiser shows his lack of courage by quaking with the fear of being assassinated. He holds his people responsible for the loss of respect of authority when it is he that is responsible.

It may be all right for the Reverend Smith to claim that there is no personal devil. The statement will bear repeating however, for it is new to Oshkosh people, and they keep right on acting as though they didn't believe it.

There will be no more "fun with the boys at Oshkosh," unless the Rev. Smith restores the personal devil.

Will some one kindly send in an ode on "Spring," and mention incidentally whether the ground hog saw his shadow or not?

Prof. Herron's resignations are being accepted by everybody; even his wife.

## CANNING FACTORY BENEFITS FARMERS

Financial Standing of the Men Behind the Proposed Janesville Plant is First Class.

E. H. Jacobs of Dubuque, Ia., who travels for the D. C. Glasser Tobacco company, was in the city on a business trip. Mr. Jacobs is well acquainted with Mr. C. Hohenadel, the canning factory promoter and was loud in his praise of their institutions both at Dubuque, Ia., and Cassville, Wis.

Mr. Jacobs says that the farmers and the community around a city have no idea of the benefits derived from a canning factory until one has been running in the neighborhood for a year or two. The farmers are slow to take hold of acreage question at first, but after they once get started, raising truck for the factory there is no trouble about their renewing their contracts from year to year.

The financial standing of the gentlemen behind this plant is first class and Mr. Jacobs says that at Dubuque they are considered among the leading business men, and are liked by the farmers from the surrounding country.

Since the canning factories have been built in Dubuque and Cassville the price of land in their vicinity has risen from fifteen to twenty per cent. The farmers would be very foolish to allow this factory to get away from Janesville on account of their not being able to get acreage.

## THE NEWS FROM COUNTY TOWNS

### AFTON.

Afton, March 29.—The Chicago & Northwestern Railway presents daily evidence of the fact that prosperity is abroad in the land, for over the two lines centered here an immense freight traffic is being handled at present, the number of trains registering at this station being largely in excess of the record of a month ago. With this increase of trains has also come a series of petty accidents, none of them, however, of a serious nature. On Thursday evening of last week, engine No. 834, while pulling the night stock freight, blew a cylinder head out between Hanover and Afton, making necessary a trip to the repair shops at Janesville. Sunday morning, engine No. 828, attached to a fast stock freight, was disabled while entering Afton, by the breaking of an eccentric, and this too meant a trip to Janesville for repairs. On Monday morning an engine was derailed at one of the switches here but another engine pulled it back on the rails again, with only slight damages as the result of the mishap. The call has been issued for a republican caucus to be held in Brinkman's hall in this village on Saturday afternoon at two o'clock, at which time a town ticket will be placed in nomination. The democratic caucus will be held in the same place Sunday evening. But little interest has been manifested thus far in town politics. Several big loads of tobacco have passed through town this week enroute to Janesville. Now if we only had that tobacco warehouse located here.

Owing to the bad roads a very small audience witnessed the play, "What Insurance Did for Melvina," as presented by the Shopiere troupe at Brinkman's hall on Wednesday evening of last week. Those who were present, however, enjoyed the entertainment very much, the different parts, as a whole, being exceedingly well taken.

Mrs. Frank Blunk of Hebron, Ill., is spending a few days with relatives here. She is accompanied by Miss Gertrude Reynolds, also of Hebron. Miss Annie Bailey of Footville visited with Prof. and Mrs. A. G. Henry last week. Mrs. U. G. Waite and son, Allan, of Woodstock, Ill., are the guests of Afton relatives.

### FOOTVILLE.

Footville, March 29.—Miss Bertha Smith, who teaches school in the Honeysett district, will spend her vacation at her home in West Lima. The winter term closed last Friday afternoon when an enjoyable and instructive exercises was rendered by the children.

The lecture which was to have been given at the Christian church last Friday evening was postponed on account of sickness.

Mr. Mountjoy's brother has been visiting him for a few days.

Dr. Lacey is on the road more than ever; perhaps he likes mud.

Rev. A. W. Bloom was called to Clinton to officiate at a wedding there.

Miss C. V. Thompson, national organizer of the Christian Woman's Board of Missions, will soon be here to confer with the ladies of the Christian church and assist them in their work.

The following is the report of school of joint district No. 2, towns of Center, Magnolia and Plymouth. Bertha B. Smith, teacher. The regular examinations completed today, finishes our work of a term that began Nov. 19, 1900. Term's roll of honor: Clayton Honeysett, Arthur Skelly, Jessie and Mattie Schoen, Floyd Selck, Maude Honeysett, and Julius Willing. Number of days taught, 76; number enrolled, 16; number of visitors from school board, 1, (the clerk.) March 22, being the last day of school, a short program closed our term in an appropriate and interesting manner.

### BRODHEAD.

Brodhead, Wis., March 29.—A. M. Bowen left on Monday to resume his duties on the road.

Calvin Martin, who has a position with the Janesville Cotton mills spent Sunday in Brodhead with his parents, J. E. Doollittle spent the latter part of last week in Chicago purchasing new goods for the spring and summer trade.

Mrs. O. T. Waite and little son Philip were guests for a fortnight at the lady's parents, Mr. and Mrs. B. R. Clawson. They came from Oshkosh on Friday evening.

Friends of Robt. Fleck, who went west some time ago, will be pleased to learn that he has secured a good position at Kalspel, Mont., at his trade. He has a room at the home of Mr. and Mrs. James Broderick.

Miss May Van Skike is quite ill.

Mrs. L. A. Stuart spent Wednesday in Monroe.

Dr. and Mrs. J. L. Fleck spent Tuesday in Evansville.

Miss Minnie Brace left on Wednesday morning for a short visit in Orfordville.

The Masons of Brodhead are invited to Monroe on Thursday to assist in conferring the third degree on three candidates. In both the afternoon and evening at seven p. m. a

banquet will be held. A number of our Masons expect to attend.

The Brodhead dancing club gave the last one of their series of splendid parties last Friday evening at Manager Opera house. Leaver's orchestra furnished the music and it was of a high order, delighting all who were in attendance. A goodly number of couples were in attendance and enjoyed both the supper and dancing. It was a merry evening.

Mrs. J. A. Young is on the sick list. Miss Florence Young is some better.

Miss Mabel Gardner of Rockford has been the guest lately of Mr. O. Smith's family.

### CLINTON.

Clinton, March 28.—Mr. Fred Rogers, who was obliged to go to a Chicago hospital for an operation recently has recovered sufficiently to return last Saturday. He and his wife will remain here for a time while he is gaining strength. Mrs. Holbrook of Lima, a sister of Dr. Montgomery, who assisted in the care of the doctor during her recent illness, was taken with pneumonia about a week ago, at her home, and died last Saturday.

James Selkirk of Janesville, spent Sunday at the home of R. M. Benson. Miss Flora Collier entertained a number of her young friends last Saturday in honor of a birthday.

Mr. James Howarth expects to go to Whitewater to resume his course at the Normal school.

John Baker Waters was born in Winfield, New York, in 1820. In 1843 he was united in marriage with Miss Betsy Andrews. Three years later he came west, arriving in Milwaukee from which place he drove to Johnstown, being a resident here for

fifty years. The last five years of his life he spent in Whitewater at which place his death occurred, on Monday morning at five o'clock. He was an honest, upright man and had hosts of friends. Decedent leaves four children to mourn the loss of a kind, patient father, A. G. Waters, of Beloit, Mrs. Herman Johns of Evansville, Mrs. Horace Peabody of Janesville, and E. D. Waters of Whitewater. The funeral services were held at the church here Wednesday, conducted by Rev. Perry of Whitewater. The pall bearers were Volney Wood, Robert Morton, Benjamin Clark, Joseph Taylor, John Haight and Marv. Keith. The singing, furnished by a ladies' trio from Whitewater, was exceptionally good. The remains were laid at rest in the village cemetery beside those of his wife who preceded him to the other world ten years ago.

### SHOPIERE.

### Gold Seekers Are Stale.

Phoenix, Ariz., March 29.—It is reported that several gold seekers have been massacred on Tiburon Island, off the coast of the Gulf of California, by Ceris Indians. Two weeks ago six miners left Tepopa, on the west Mexican coast, in a small boat and went to Tiburon. Last Sunday Pedro Pasquela reached the mainland in a small boat and reported a fierce fight with the natives. He says he believes his companions were killed. His party was treated cordially, said he, until it attempted to reach the interior. They were warned to go no farther, but pressed on. Four companies of Mexican troops have been ordered to embark for the island to investigate and punish the redskins.

### England May Coin Silver.

London, March 29.—Lord George Hamilton says the government may have intention of again considering proposals for the free coinage of silver in India.

### FOR THE GRIP.

You Have Heard of Many Remedies—Did You Ever Try This One.

Everybody you meet on the streets nowadays has just had the grip, is coming down with it or has a sure cure for it.

The disease has been a puzzle to physicians ever since its appearance several years ago and is as much of a puzzle today as it was then. It exhibits such a variety of symptoms in different individuals and leaves such disastrous results after apparent recovery that as yet its prevention and cure has baffled medical science.

However there is no doubt but that the grip is catarrhal in character and the leading symptoms in nearly every case is increased secretion in the head and throat, in fact the first indications of lagrippe are those of cold in the head which extends to the throat and lungs.

Dr. Johnson Ames advises as the safest course to pursue on the first appearance of grip symptoms to keep to the house for a day or two and take Stuart's Catarrh Tablets every hour the first day and every two hours the following day and states that this will break up the trouble before it becomes deep seated.

These catarrh tablets are antiseptic and harmless and prevent fever and the further development of grip germs, and ward off the ever present danger of pneumonia.

Dr. Gerald Simpson says: "I found Stuart's Catarrh Tablets a pleasant and thoroughly reliable remedy for the grip, especially with elderly people with whom this prevailing disease is always dangerous; the tablets can be found at any drug store and if used freely during the first few days of the attack will break it up."

Lagrippe is a catarrhal infection, the germs are in the air and no one is proof against it, but the timely use of Stuart's Catarrh Tablets will prevent any serious results.

# Wakefulness.

Badly nourished nerves are irritable and uneasy, so are nerves that are overworked and worn-out. The quiet and harmony of the nerve-centers are gone; and every effort either of mind or body increases the jarring and discord. They cannot rest because they are hungry; and the sleep that comes after a night of tossing brings neither rest nor strength. Feed the nerves. Nourish and tone them up, and wakeful nights will be a thing of the past. Dr. MILES' NERVINE is the best remedy for wakefulness because it makes strong nerves.

"My wife was so worn-out and nervous from long suffering that she was unable to get to sleep without the use of opiates. Our leading physicians here and several from Indianapolis failed to give her any relief. She was induced to give Dr. Miles' Nervine a trial and in a very short time she was able to go to bed and sleep soundly at night."

### A Strong Woman

Iowa City, Iowa, Aug. 15, 1900. My wife was sick for three years. We tried everything without relief and spent much money. My wife tried Wine of Cardui and four bottles cured her. She took two more bottles, knowing she would have to work hard during the hay harvest. She attended to all her household duties and loaded and unloaded all the hay. This medicine gave her strength. Formerly she was weak and tired and could hardly get about, but since she has been taking Wine of Cardui she feels better and stronger than when 29 years of age. JOS. A. EISKEN, JR., IOWA CITY.

### WINE OF CARDUI

Now, after taking the Wine of Cardui, she can work with her husband in the hay field. That is hard work, but it is not as injurious to a woman's health as labor in stores, factories and offices where thousands of girls are closely confined year after year. With the aid of Wine of Cardui a woman can do any reasonable work and enjoy good health. The health that Wine of Cardui brings makes a woman vigorous in body and mind. Freed from those terrible devastating pains a woman grows well and strong naturally. Wine of Cardui regulates the disordered menstruation and cures leucorrhoea, falling of the womb and periodical pains in the head and back caused by standing or sitting a long time in the same position. The Wine of Cardui puts the bowels, stomach, liver, kidneys and blood in proper shape. Greatly increased strength and endurance is the natural result. Most cases are cured quickly. All druggists sell \$1.00 bottles of Wine of Cardui and 25 cent packages of Theodor's Black-Draught.

## REPUBLICAN TICKET WILL BE ELECTED

CITY ELECTION NEXT TUESDAY  
PROMISES CLEAN SWEEP.

Grand Old Party Has Put Up a Progressive Lot of Men and Their Election Seems Assured—Record of Some of the Candidates—Wray for Alderman in the Fifth Ward.

There is hardly a shadow of a doubt that on Tuesday next the entire republican ticket, with a few exceptions in the wards that are overwhelmingly democratic will be elected.

The indications are that even in the democratic wards the fight for the office will be a close one. The republican nominations this year in these wards were made with the idea of getting candidates for office that were representative citizens. The party has been successful in doing this and the least of the candidates selected will compare favorably with any ever made in this city.

They are business men and property owners and would not countenance any legislation that would prove detrimental to the city. A vote for any of the candidates named on the republican ticket means a vote for a clean city administration.

**During Richardson's Term.**  
During Mayor Richardson's term of office a general improvement has been witnessed in the business circles of the city. Mayor Richardson is known as a conservative business man who keeps close watch of city affairs. He has large business and property interests in the city and would not allow any bill to pass the council that would be detrimental to the city's interests. Business men from the outside looking for locations and chances to invest their money are always careful to inquire as to the responsibility of the mayor and his business qualifications. Under a man like Mayor Richardson they feel safe in investing their money, knowing that they will get protection from the council with a mayor of his ability at their head.

**Badger a Competent Officer.**  
City Clerk Badger has been a competent and efficient officer. The records of the city are kept by him in first class shape and are always open to inspection. His long experience in the duties of the office have made him familiar with every detail. He is well posted on municipal affairs and is able to handle the many inquiries which are made of him correctly. The office of city clerk is a responsible one and involves many duties other than clerical work. He has mastered all of the details and should be re-elected.

**The School Commissioners.**  
The office of school commissioner-at-large should not be overlooked at the coming election. A large amount of money is expended in this city every year for school purposes and the selection of school commissioners should be made with great care. S. C. Burnham has been a member of the board for many years and has always shown himself to be a man who gives careful consideration to any proposition involving the expenditure of city funds. He could not be improved upon and should be elected by a large majority. James Shearer, H. J. Cunningham and Wilson Lane, the candidates from the First, Third and Fifth wards have all had experience in school matters and are men of conservative principles.

They would none of them be a party to the reckless expenditure of city funds and would aim to keep the expense of running the schools within the appropriation.

**Good Men for Aldermen.**  
A number of orders for street improvement during the coming season have already been introduced into the council and a number of others are likely to follow. Now is the time to see that the aldermen elected next Tuesday are men who can safely be relied upon to handle these improvements and see that the contractors live up to the plans and specifications. Many other things may also arise where the council will be called upon to act and no man should be elected to a seat in the council that would not consider the city's interests above private ones. Walter S. Rice has been a member of the council several times and has a clean record. He is always willing to devote his time to the interests of the city although his private interests often have to wait on that account.

James Mills would make a first class man for the office. He is a progressive citizen, and always keeps abreast of the times in the matter of improvements. He has lived in the Second ward for many years and needs no words of praise to bring him the support that he justly deserves. Vote for him on Tuesday next, you will not regret your choice.

**Gilkey a Man of Ability.**  
H. S. Gilkey, although a young man in years, has shown himself to be one of the ablest members of the council. He has had a long experience in handling large business interests, which fits him to handle city affairs with the greatest benefit to the city.

If the republican party in the Third ward sticks together as it should next Tuesday Mr. Gilkey will be given a handsome majority.

Alva Hemmens, the candidate from the Fourth ward is not as well known as the other candidates for the office of alderman. He is a native of this city and has grown to manhood within its limits. He is an active politician in the ward in which he resides and will make a first-class officer.

He is in the employ of the Chicago

& Northwestern railroad company and holds a responsible position in their freight offices in this city and is well qualified to fulfill the duties of the office for which he has been nominated. He should be elected.

**James G. Wray Named.**  
James G. Wray has become the republican candidate for alderman in the Fifth ward to fill the vacancy caused by the retirement of W. H. Appleby for that office from the ticket. Mr. Wray has lived in Janesville for a great many years and has been a resident of the Fifth ward most of the time. He has filled numerous city offices with credit to himself and to the republican party.

His election would mean a careful, clean administration of the office and the Fifth ward could feel proud of its representation in the council. Mr. Wray is a business man of the thorough-going type, with self reliance and common sense enough to administer city affairs faithfully and to the best advantage.

## W. G. PALMER IS MADE PRESIDENT

ANNUAL MEETING OF THE LO  
CAL HUMANE SOCIETY.

Mrs. John Peters is Elected Secretary and Appointed Collector—Members of the Executive Board From the Various Wards—Reports On the Work During the Year are Read.

The adjourned annual meeting of the Janesville Humane society was held last evening in the parlors of Court Street M. E. church and was one of encouragement and promise to the faithful few who are deeply interested in the success of the society. There was a very good attendance, the largest that there has been in some time.

The annual election resulted in the following officers being chosen for the ensuing year:

President—W. G. Palmer.  
First Vice President—W. T. Vankirk  
Second Vice President—J. M. Whitehead.

Third Vice President—Mrs. Elizabeth Butler.

Secretary—Mrs. John Peters.

Treasurer—E. B. Helmstreet.

Agent—S. B. Kenyon.

The re-election of W. G. Palmer was a high compliment to that gentleman who has served the society as its president ever since its organization, ten years ago. "The officers were elected on the recommendation of the nominating committee which consisted of W. T. Vankirk, Mrs. Elizabeth Butler and Miss Chittenden and for which Miss Chittenden reported. Mrs. Mary Crosby was named in the report as secretary but she declined to serve. An effort was then made to get Miss Chittenden to accept the office for another year, but she was firm in declining. She has been the efficient secretary of the society ever since its organization and to her efforts is due much of the good that has been accomplished.

Mrs. John Peters was appointed collector for the society for the coming year and the following members were placed on the executive board:

First Ward—Dr. E. E. Loomis, Mrs. Frank E. Fifield, J. T. Wright, E. T. Fish, Miss Chittenden.

Second Ward—C. C. MacLean, Mrs. William Smith, Rev. W. A. Goebel, Miss Mary Hadden, Mrs. John Peters.

Third Ward—H. W. Frick, W. H. Greenman, Mrs. E. F. Woods, Mrs. Lizzie Lucy and S. B. Smith.

Fourth Ward—Dr. J. W. St. John, Dr. Louise Crow, Mrs. F. A. Capelle, Rev. W. W. Woodside, Charles Schwartz.

Fifth Ward—Dean E. M. McGinnity, W. H. Jones, Herman Lemke, Paul Rudolph, Mrs. G. H. Rummell.

The meeting was a very interesting one and the president was in the chair. Rev. R. C. Denison made the opening prayer and later gave a splendid talk on the humane work in connection with religion. Able addresses were also made by J. J. Cunningham, who spoke on the connection of humane work and the law and by Rev. W. A. Hall who spoke on the work in the general way, the text of his thought being kindness. By a unanimous vote the three speakers were made members of the society.

Reports were made by S. B. Kenyon agent, E. B. Helmstreet, treasurer, and Miss Chittenden, secretary. The latter was a brief sketch of the society's history and told of the moral good that it had accomplished as well as the active influence it exerts as a preventative of cruelty. In the past two years S. B. Kenyon has found homes for twenty-two children.

On motion of W. T. Vankirk the society paid Mr. Kenyon \$25. The greatest part of Mr. Kenyon's work has been done without remuneration. On the suggestion of William Smith, the society voted to keep a standing notice in the local papers, the notice to include the names of the society's officers in order that people may know to whom to report cases of cruelty.

## REEDER CAPABLE OF FILLING OFFICE

Justice of the Peace Candidate Has Been Practicing Law Here Two Years.

Charles W. Reeder, candidate for justice of the peace on the republican ticket, has for the past two years been practicing law in this city. He was admitted to the bar in 1899, passing with high honors. Mr. Reeder is capable in every way of filling the position of justice should the voters so honor him. For two years he studied law in the office of Whitehead & Matheson.

Mr. Reeder is by no means a stranger to the voters of the Bower City. For the past ten years he has resided in Janesville where at all times he has been held in the highest esteem.

The present campaign has been a clean one throughout with Mr. Reeder. He has resorted to no unfair methods. Present indications are that he will be elected to the office with a handsome majority.

## A PLOT AGAINST RUSSIA

Officers Banished Because of a Conspiracy.

## JAPAN IS BUSY IN CHINA.

Army in Pe-Chi-Li Province to Be Strengthened Fifty Per Cent—Staff Officers Sent to Korea—England Sends More Sikhs.

Berlin, March 30.—News has reached St. Petersburg from Seoul, the capital of Korea, that the Korean minister of justice, certain officers connected with the ministry of the interior, and General Tschuseimena have been banished on account of the discovery that they were in a conspiracy to throw a bomb into the Russian embassy. Their object, it is said, was to bring foreign troops to Korea and establish a new ministry.

Tension High at Tokio.  
London, March 30.—A dispatch to the Daily Mail from Yokohama reports that there is great tension in official circles at Tokio. The foreign office is open day and night. There are frequent conferences between the senior generals, which are attended by the emperor, who is anxious to know the exact condition of the military and naval services. Three staff officers have been sent to Korea to investigate the situation there. The possibilities of war are freely discussed.

Japanese Activity in China.  
Tokio, March 30.—The newspapers here say it is proposed to relieve the Japanese troops in the Chinese province of Pe-Chi-Li by a force 50 per cent stronger. Although May is the usual month in which the relief of the force at Seoul takes place, the relief of the troops there will take place immediately. Three officers of the headquarters staff will also proceed to Korea. These movements, with the usual activity at the arsenals, are taken to point to the adoption of a strong policy by Japan.

British Troops Go to Tientsin.  
Shanghai, March 30.—A regiment of Sikhs, with eight machine guns and some field guns, has been ordered to Tientsin, to strengthen the guards along the Shan-Hai-Kwan-Pekin railroad. The Chinese officials of the province of Che-Kiang, without pressure from foreigners, have indemnified the native converts within their jurisdiction for losses sustained as a result of anti-Christian riots.

Rights of Chinese Are Fixed.  
San Francisco, March 30.—Collector of the Port Stratton has received an opinion from Attorney-General Griggs definitely establishing the right of Chinese persons who were citizens of the Hawaiian islands prior to Aug. 12, 1898, by birth or naturalization, to enter the United States. It was clearly the intent of congress, the attorney-general thinks, to throw the cloak of adoption over all who were Hawaiian citizens on the date mentioned in the treaty.

Alger May Suppress His Book.  
Washington, March 30.—Gen Miles has concluded to make no reply to the criticism and charges made by ex-Secretary Alger in a chapter of the latter's book, which was published a few weeks ago. It is also reported that Alger may suppress the rest of his book. Friends of the two men have been trying to induce them to do so.

## COMMON PROPERTY.

Public Praise is Public Property—Janesville People May Profit By Local Experience.

Grateful people will talk. Tell their experience for the public good. Janesville citizens praise Doan's Kidney Pills. Kidney sufferers appreciate this. They find relief for every kidney ill. Read what this citizen says:

Mr. E. T. Fish, of 355 Racine St., proprietor of the Fish Dray Line, says: "When I was twenty years of age I fell, injured my back, and ever since that I was troubled more or less with a dull, aching pain across the loins. It never laid me up but it was often painful and annoying. Of late years I have gone to a physician every six months and had myself thoroughly examined under the impression that there might be something wrong with my kidneys. The diagnosis always resulting in the physician claiming these organs were sound, but as the pains existed when I happened to notice in our Janesville papers that Doan's Kidney Pills were guaranteed to cure just such troubles, I procured a box at the People's Drug Co.'s store, and took them. Doan's Kidney Pills are a good preparation. My back has not ached since I used them. I have heard others speak very complimentary of them and if I did not know their merit and required such a medicine I would consider it a favor if some one suggested their use to me. For this reason I endorse them."

the hatchet, and as far as Miles is concerned they have succeeded. Alger's secretary promised that the book would be published in February.

Girl Likely to Die.  
New York, March 30.—Sadie Purcell, a nine-year-old pupil of St. Nicholas school, Passaic, N. J., during recess skipped the rope 406 times. A few minutes after she returned to the school-room she dropped from her seat unconscious. Physicians were called and the girl was taken to her home. In the afternoon paralysis set in. Doctors have little hope of saving her life. The exertion of rope jumping caused the collapse.

Shepard to Be Rear-Admiral.

Two New York Firemen Hurt.  
New York, March 30.—Fire at Patterson, N. J., to-day destroyed the interior of the building owned and occupied by the Guardian newspaper, and caused a loss of \$75,000. Two firemen were injured.

Marquise de Gallifet Dies.  
Paris, March 30.—The Marquise de Gallifet (nee Lafitte), wife of the former French minister of war, is dead.

Awaits Thieves and Kills One.  
Chicago, March 30.—Twice last night burglars tried to enter the Newberry building, 141-143 East Ontario street, and the second attempt resulted in the killing of Cornelius Dougherty by Private Watchman Frank J. Kelly. Dougherty, the police say, was a well-known thief. He died in the East Chicago avenue patrol wagon while being taken to the county jail hospital. His three companions escaped. Kelly was held by the police. Dougherty was shot twice. Staggering from the first bullet he cried out to the watchman: "Don't hit me again, partner." The appeal was too late. As he spoke Kelly pulled the trigger and Dougherty fell, mortally wounded.

Stamp Books Selling Well.  
Washington, D. C., March 30.—Reports received by Third Assistant Postmaster-General Madden show that the books of 2-cent postage stamps issued by the government are averaging a sale of 13,500 books a day throughout the United States. The fraction of a cent which the government earns on the sale of the books has amounted to a net profit of \$32,672 in the eleven months during which they have been on sale at all postoffices.

Rob Express Safe of \$4,000.  
Montgomery, Ala., March 30.—At Reform, Dickens county, the safe in the express office was blown open and \$4,000 in money secured. The police here were notified, but the robbers escaped. The money is understood to be state funds sent to Reform for the quarterly payment of the public school teachers.

Named for Post in Chili.  
Washington, March 30.—The president has appointed Robert Mansfield of Indiana to be consul at Valparaiso, Chili. The appointee was formerly private secretary to Senator Beveridge.

Flour from Sweet Potatoes.  
Vineland, N. J., March 30.—The American Flour Manufacturing company, of Vineland, has just been incorporated with a capital of \$1,000,000 for the making of flour and sweet potatoes. The Vineland mill, which started up a few days ago, is said to be the first in the country to manufacture sweet potatoes.

Mormon Leader Is Dying.  
San Francisco, Cal., March 30.—George Q. Cannon, the aged head of the Mormon church and a leader in Utah politics, is seriously ill at Monterey and grave fears are felt that he may die at any time. Nervous prostration aggravated by the rarified air of Salt Lake City is the cause of his condition.

Bulgarians to Be Shot.  
Salonica, European Turkey, March 30.—The trial of the nineteen Bulgarians charged with revolutionary proceedings has resulted in the condemnation to death of three of the prisoners and the sentencing of eleven to penal servitude for life. Five of the prisoners were acquitted.

Woman Killed with a Club.  
Springfield, O., March 30.—George Craig is in jail here on suspicion of having beaten and kicked Miss Ida Bowman to death. The young woman died in a hospital. It is said she quarreled with Craig, her sweetheart, who struck her with a club.

## PANIC IN A HOTEL FIRE

Jefferson House at Richmond, Va., Is in Ruins.

## MANY GUESTS ARE INJURED.

Thieves Caught at Work Among the Salvage Corps Are Arrested—Famous Statue of Jefferson Among Art Treasures Destroyed—Loss Over \$1,000,000.

Richmond, Va., March 30.—The Jefferson Hotel, built and furnished at a cost of more than \$1,000,000, is in ruins as the result of a fire which started about midnight. There was a panic among the guests and several suffered severe bruises in the flight from the burning building. One man's leg was broken by a fall down a staircase. Nearly all the guests lost their baggage and escaped in their night clothes.

While the fire was in progress robbers were found at work among those removing goods from the building and several were arrested. At 4 a. m. the flames had not completed their work, but the hotel was gone beyond repair.

Famous Jefferson Statue Lost.  
Among the famous works of art destroyed was Valentine's statue of Jefferson. The building was erected and furnished by the late Louis Ginter, who made it in all ways one of the finest hostleries in the country. The hotel covered half a block in the ultra-fashionable part of the city and was built of buff brick with granite foundation. The flames were discovered in the upper part of the Main street side at midnight, and in a short time that part of the building was all aflame. The fire despite every effort continued to spread and at 1 o'clock this morning all hope of saving any part of the structure had been given up. The guests, who were first driven out of the Main street portion of the hotel, took refuge in the lobby on the Franklin street side. There was much excitement, especially among the women, many of whom had retired for the night. Many people lost all their effects.

Shift of Wind Completes Ruin.  
Up to 12:30 it was hoped that the Franklin street portion of the hotel would be saved, but a sudden shift of the wind swept the fire directly into this part of the hotel. There was in the hotel a party from Montreal, Canada. None of these was hurt, but all lost their baggage. All the surrounding houses are filled with property taken from the hotel. At 2:45 o'clock it was certain that not a vestige of the hotel would be left. Ineffective efforts were made to save the statue of Jefferson.

Li to Have High Post.  
Shanghai, March 30.—It is asserted here that Li Hung Chang will be the future foreign minister of China, replacing the abolished tsung-li-yamen, and that Liu Kun Yi, the Nankin viceroy, will succeed him as viceroy of Chee-Lee.

Perry Heath to Get Fat Place.  
Washington, March 30.—Upon his return from Europe Perry Heath, it is said, will be offered the post of chief of the department of publicity of the St. Louis exposition. It is suggested that the salary will be \$10,000 per annum.

## THANKFUL TO MRS. PINKHAM

Letters Proving Positively that there is No Medicine for Woman's Ills Equal to Lydia E. Pinkham's Vegetable Compound.

(ALL LETTERS ARE PUBLISHED BY SPECIAL PERMISSION.)

"I cannot say enough in regard to Lydia E. Pinkham's Vegetable Compound. It has done me more good than all the doctors. I have been troubled with female weakness in its worst form for about ten years. I had leucorrhoea and was so weak that I could not do my housework."

I also had falling of the womb and inflammation of the womb and ovaries, and at menstrual periods I suffered terribly. At times my back would ache very hard. I could not lift anything or do any heavy work; was not able to stand on my feet long at a time. My husband spent hundreds of dollars for doctors but they did me no good. My husband's sister wrote what the Vegetable Compound had done for her, and wanted me to try it, but I did not then think it would do me any good. After a time, I concluded to try it, and I can truly say it does all that is claimed for it. Ten bottles of the Vegetable Compound and seven packages of Sanative Wash have made a new woman of me. I have had no womb trouble since taking the fifth bottle. I weigh more than I have in years; can do all my own housework, sleep well, have a good appetite, and now feel that life is worth living. I owe all to Lydia E. Pinkham's Vegetable Compound. I feel that it has saved my life and would not be without it for anything. I am always glad to recommend it to all my sex, for I know if they will follow Mrs. Pinkham's directions, they will be cured."

Gratefully yours, MRS. ANNIE THOMPSON, South Hot Springs, Ark.

## CHANGE OF LIFE.

"I was taken sick five years ago with 'The Grippe,' and had a relapse and was given up by the doctor and my friends. Change of Life began to work on me. I flowed very badly until a year ago, then my stomach and lungs got so bad, I suffered terribly; the blood went up my lungs and stomach, and I vomited it up. I could not eat scarcely anything. I cannot tell what I suffered with my head. My husband got me a bottle of Lydia E. Pinkham's Vegetable Compound, and before I had taken half of it I began to improve, and to-day I am another woman. Mrs. Pinkham's medicine has saved my life. I cannot praise it enough."

M. A. DENSON, Millport, N. Y.

## PROFUSE PERIODS.

"I commenced taking Lydia E. Pinkham's Vegetable Compound about 3 months ago, and cannot express the wonderful good it has done me. Menstruations were so profuse as to leave me very weak for some time after. Was also troubled with leucorrhoea, tired feeling, bearing down sensation, pain across the back and thighs. I felt as though there was a heavy weight in my stomach all the time. I have taken two bottles of the medicine, and now have better health than I have had for four years."

MRS. LIZZIE DICKSON HODGE, Avalon, Ohio.

\$5000 REWARD.—We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find that the above testimonial letters are not genuine, or were published before obtaining the writer's special permission.

## REBEL CHIEFS GIVE UP

Aguinaldo's Plight Causes Rush to Surrender.

## FOUR GENERALS QUIT FIGHT.

Hundreds of Officers and Men with Arms Given to Americans—The Insurrection in the Philippines Is Rapidly Falling to Pieces.

Manila, March 30.—Like a house built of cards the rebellion is rapidly falling to pieces. The most important surrender resulting from the capture of Aguinaldo was made by General Geronimo, the insurgent leader in the province of Morong, Luzon. With six officers and forty-six men Geronimo gave himself up to Colonel J. Milton Thompson of the Forty-second regiment at San Mateo. "The surrender of the entire Filipino force is bound to follow," said General Geronimo. "Aguinaldo's capture means the end of our struggle. We have no hope of winning and submission is the only way out." Geronimo and his associates were well dressed, all being attired in full uniform. They gave up fifty rifles and a large quantity of ammunition.

Two Surrender at Mamburao. Scarcely had Geronimo given up when the news was received at headquarters of the surrender of Generals Alkopal and Ruiz at Mamburao. General Ruiz is a brother of Aguinaldo's commissioner recently sent abroad. The insurgents gave up in addition to a large number of men thirty-four guns and a considerable quantity of ammunition. The prisoners are now in the custody of Captain David G. Shanks, Eighteenth infantry, Brigadier Hughes' command.

## Fullon Quits the Fight.

General Fullon, another insurgent general, on learning of the capture of Aguinaldo surrendered his command of 206 guns to Lieutenant Colonel W. S. Scott of the Forty-fourth regiment. Added to these three surrenders is that of Capistrano at Sumilao in northern Mindanao. He gave up nine officers, 160 men, 187 rifles and eighty shotguns. This last surrender ends the insurrection in that section. As the news of Aguinaldo's capture spreads through the archipelago the insurgents are becoming disheartened, hence the marked increase in the number of individual surrenders. General Calles, who is practically outlawed on account of his atrocious crimes, sent an emissary to General Bates, who answered that he must surrender unconditionally and stand trial. The former insurgent officers and the Macabebes scouts who took part in the capture of Aguinaldo will probably receive a monetary reward. The amount has not been specified. It has also been recommended that every man participating in the capture of Aguinaldo receive a special medal.

## Aguinaldo Is Moody.

Aguinaldo is now detained in a comfortable room in a wing of the Malacanang palace. He is in charge of Captain Benjamin H. Randolph and Lieutenant Gilbert A. Youngberg of battery G, third artillery. When captured he wore a plain dark blue suit, with the coat closely buttoned at the throat, and a wide, white helmet with a leather band. He takes his capture philosophically. He is generally cheerful, but sometimes moody. His health during the past year has been very good. It is uncertain what attitude he will now assume. Certain visitors are permitted to see Aguinaldo, but newspaper interviews with the prisoner are not allowed.

## MacArthur Tells of Surrender.

Washington, D. C., March 30.—Another important dispatch has been received at the war department from Gen. MacArthur at Manila. It did not

## A WOMAN'S THROAT

Is her fortune if she chances to be a Patti or Alani, and that fortune is guarded day and night with the greatest care. Nothing frightens a singer so much as a cough. Every woman ought to be afraid of a cough. It is nature's danger signal. Who does not know of some sweet woman-voice silenced forever by disease which began with a slight cough. The use of Dr. Pierce's Golden Medical Discovery will ensure a permanent cure of the most obstinate and lingering coughs. Even when the lungs are involved and there are hemorrhages and emaciation, "Golden Medical Discovery" is generally effective in restoring the diseased organs to sound health and strength. There is no alcohol in the "Discovery" and it is entirely free from opium, cocaine and all other narcotics.

"I am feeling quite well," writes Miss Dorcas A. Lewis, of No. 129 1/2 11th Street, Washington, D. C., "and I owe it all to Dr. Pierce's Golden Medical Discovery. I had been quite a sufferer for a long time, and after reading Dr. Pierce's Common Sense Medical Discovery I thought I would try his 'Golden Medical Discovery.' I had not been sleeping well for a long time. Took one or two spoonfuls of Dr. Pierce's Golden Medical Discovery and slept nearly all night without coughing, so I continued taking it night without coughing, and after more than ten years, I feel much better. I commenced spitting blood, but now I feel much stronger and am entirely well."

Dr. Pierce's Common Sense Medical Discovery, in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

refer to Aguinaldo or Fustoni, but in the opinion of the war department officials it went far to support the prediction made by General MacArthur in yesterday's dispatch relating to those two leaders, to the effect that the end of the rebellion is near at hand. This dispatch chronicles the surrender of a considerable additional number of rebels and military arms, and the important feature of it is that the surrender marks the complete stamping out of the insurrection in the island of Mindanao, which is, next to Luzon, the largest island in the Philippine group. The dispatch is as follows:

"Manila, March 29.—Brig-Gen. William A. Kohbe reports the surrender of Sumilao, Mindanao, nine officers, 160 men, 187 rifles, eighty shotguns, Capistrano's command. This ends the trouble in Mindanao as far as the Philippines are concerned. Brig-Gen. Robert P. Hughes reports Alkopal and Ruiz, thirty-four guns, surrendered to Capt. David G. Shanks, 18th United States infantry, at Mamburao; 206 guns, Fullon's command, surrendered to Lieut.-Col. William S. Scott, 44th United States volunteers.

## "MAC ARTHUR."

## ADVICE IS GIVEN AGUINALDO.

Prominent Filipino Tell Him Insurgent Cause Is Hopeless.

Manila, March 30.—Aguinaldo has conferred in the Tagalog language at the Malacanang palace, with several former members of his cabinet and other prominent Filipinos, whom he had asked to see.

They explained to him the hopelessness of the insurgent cause and advised him to use his influence to establish peace and for the recognition of American sovereignty.

The result of the conference is as yet unknown.

## Five Filipinos Hanged.

Manila, March 30.—The first execution in Manila under American rule took place today at Fort Malate, where five natives were hanged for the murder of Archibald Wilson, an Englishman, superintendent of the water works. The motive for the murder was robbery. Twelve thousand Filipinos have taken the oath of allegiance to the United States at San Vicente, South Ilocos province.

## FENIAN LEADER IS DEAD.

James Stephens, the Founder of the Organization Expires.

Dublin, March 30.—James Stephens, the celebrated ex-head center of the Fenians, died here today, aged 72 years.

To James Stephens, to his marvelous organizing capacity and his power to plan, was due in the main the spread of the Fenian movement in Ireland. No secret conspiracy ever organized by the foes of England in Erin ever shook English power to its base as did the Fenian movement of which Stephens was the brain and nerve center and chief. The agitation for the liberation of Ireland from the English yoke was begun, it is said, by Stephens in 1858, and in 1864 enlistments and secret drillings took place. Stephens was Irish "head center" of the brotherhood. He was captured and imprisoned in November, 1865, but escaped from Richmond prison the same month, through the aid of John Breslin and other friends in the movement. He went to New York May 10, 1866, and the Fenian movement against Canada soon followed. He was then called "central organizer of the Irish Republic." He sailed from America in November of the same year. He made his headquarters in France for a number of years, until March, 1885, when he was expelled from that country. He was afterward permitted to return to Ireland, when the constitutional movement home rule took the place of revolutionary agitation. From the day in 1848 when, as a boy, he stood beside William Smith O'Brien and helped to erect the barricades at Ballinagarry down to the present time, Stephens' name had been intimately associated with the struggle for Irish freedom. He was carried from the field of that, his first skirmish, with the English enemy, so severely wounded that it was believed he was dead. This facilitated his escape from the country. Of late years Stephens had lived in retirement.

## DOINGS OF THE LAW MAKERS.

## ILLINOIS.

Friday, March 29. A bill abolishing the fee system for clerks of the supreme and appellate courts and fixing salaries of such clerks was introduced in the house by Representative Rinkner.

The house adjourned to 10 a. m. April 3. The subcommittee of the house appropriation committee to which was referred the matter of an appropriation for an Illinois exhibit at the Charleston (S. C.) exposition in 1902 has agreed upon a bill appropriating \$25,000 for the purpose. It is probable that this bill will be approved by the appropriations committee.

Only five senators were present in the senate, and the session of that body did not last more than one minute.

## Juries Set Free.

Chicago, March 30.—Judge Kavanaugh rendered a decision by virtue of which Champion James J. Jeffries and his brother Jack may continue to wield the gloves in the third act of the play in which they are appearing at a local theater without fear of interference by the authorities. The boxers were arrested on warrants issued by "Reformer" Frank Hall, charging them with engaging in a sparring exhibition on March 19 in violation of the statutes.

## Narrow Escape of a Ship.

Vancouver, B. C., March 30.—The British bark Beechdale, Capt. Knox, has arrived here from Liverpool after a stormy passage, during which the

vessel narrowly escaped foundering. She lost three of her men, one of whom was swept overboard, another fell to the deck and was killed, while the third died from exposure. The men lost were Second Mate Petrie and Seamen Allan and McGregor.

Mrs. C. E. VanDusen of Kilbourn City, Wis., was afflicted with stomach trouble and constipation for a long time. She says, "I have tried many preparations but none have done me the good that Chamberlain's Stomach and Liver Tablets have." These tablets are for sale at People's drugstore & King's Pharmacy. Price 25 cents. Samples, free.

## Resigns Office of Mayor.

Springfield, Ill., March 30.—Loren E. Wheeler, who has been mayor of Springfield for nearly four years, submitted his resignation at the regular meeting of the city council. It was accepted and Alderman Harry McBrue was chosen for the unexpired term. Mr. Wheeler's resignation was brought about by the arrival from Washington of his commission appointing him postmaster here, and directing that he take charge of the postoffice April 1.

### From Infancy To Age

**Laxakola for Babies.**—It is the best and most effective laxative for children. BEST because it is safe and made entirely of harmless ingredients. BEST because it is non-irritating and never gripes or causes pain or irritation. BEST because it is sure and never fails. BEST because "Children like it and ask for it." BEST because its tonic properties are so good and so strengthening that it keeps the little ones in fine, hearty condition.

It is a dangerous thing to give little babies violent cathartics that rack and rend their little bodies. DON'T DO IT—give them Laxakola. For constipation, coated tongue, simple colds and fevers it is invaluable.

**Laxakola for Young Girls** on the threshold of womanhood, has been found invaluable. When they become pale and languid, the eyes dull, aching head, feet and hands cold, appetite gone or abnormal, and their systems generally run down, they need building up, and their blood needs cleansing. Give them Laxakola, its gentle bowel action to cleanse and its tonic properties to build up the system, will show immediate and most beneficial results.

**Laxakola for Mothers.**—It is particularly valuable and useful to women, especially mothers, as it is a gentle and safe remedy to use during all conditions of health whenever their peculiar and delicate constitutions require a mild and efficient laxative and tonic, while to nursing mothers, worn out with the care of infants and whose systems therefore are particularly susceptible to disease Laxakola particularly appeals.

It clears the complexion, brightens the eye, sharpens the appetite, removes muddy and blotched condition of the skin and cures sick headache to a certainty by removing the cause.

To women suffering from chronic constipation, headache, biliousness, dizziness, sallowness of the skin and dyspepsia, Laxakola will invariably bring relief.

**Laxakola for Old Folks.**—In the Autumn and Winter of Life, when the various organs through long years of action have become more or less sluggish, it becomes necessary to stimulate them by some remedy best adapted to that purpose. That Laxakola is such, has been proved beyond all question. Its gentle warming, soothing action on the bowels, liver and kidneys, stimulates them to increased activity, cleanses the blood, quickens the circulation, and puts the whole system in a condition of health and enables it to ward off disease, while its tonic properties tone up the system and keep it healthy.

### Laxakola Does It.

Laxakola is not only the most efficient of family remedies, but the most economical because it contains two medicines for one price, tonic and laxative. No other remedy gives so much for the money. All druggists, 25c. and 50c., or free sample of THE LAXAKOLA CO., 132 Nassau St., N. Y., or 356 Dearborn St., Chicago.

## ELECTION NOTICE.

Office of County Clerk, March 23, 1901.

To the electors of Rock County: Notice is hereby given that a judicial election is to be held in the several towns, wards and election precincts in the county of Rock on the 2nd day of April, 1901, at which the officers named below are to be chosen. The names of the candidate for each office to be voted for whose nominations have been certified to this office, are given opposite the title of the office and under the appropriate party or other designation, each in its proper column.

## Information to Voters.

The following instructions are given for the information and guidance of voters. A voter upon entering the polling place and giving his name and residence will receive a ballot from the ballot clerk which must have indorsed thereon the names or initials of both ballot clerks, and no other ballot can be used. Upon receiving his ballot the voter must retire alone to a booth or compartment and prepare the same for voting.

A ballot clerk may inform the voter as to the proper manner of marking a ballot but he must not advise or indicate in any manner whom to vote for. The voter if he wishes to vote for all the candidates nominated by any party should make a cross mark X under the party designation printed at the top of the ballot in the square made for that purpose. A ballot so marked and having no other mark will become (be counted) for all the candidates of that party in the column underneath unless the names of some of the candidates have been erased or a cross mark be placed in the square under the name or at any place in the space occupied by the name or names of candidates in another column, and will be counted for all names written in lieu of one erased. If the voter wishes to vote for some of the candidates of different political parties, he should make a cross mark under the name of each candidate he desires to vote for, or at any place within the space in which the name is printed. If he wishes to vote for a person for a certain office whose name is not on the ballot he must write the name in the blank space under the printed name of the candidate for the office. The ballot should not be marked in any other manner. If the ballot be spoiled it must be returned to the ballot clerk, who must issue another in its stead, but not more than three in all to any one voter. Five minutes' time is allowed in booth to mark ballot. Unofficial ballots or memorandum to assist the voter in marking his ballot can be taken into the booth, and may be used to copy from. The ballot must not be shown so that any person can see how it has been marked by the voter. After it is marked, it should be folded so that the inside cannot be seen, but so that the printed indorsements and signatures of the ballot clerks on the outside may be seen. Then the voter should pass out of the booth or compartment, give his name to the inspector in charge of the ballot box, hand him his ballot to be placed in the box, and pass out of the voting place. A voter who declares to the presiding officer that he is unable to read, or that by reason of physical disability he is unable to mark his ballot, can have assistance of one or two election officers in marking the same, to be chosen by the voter; and if he declares that he is totally blind, he may be assisted by any person chosen by him from among the legal voters of the county. The presiding officer may administer an oath in his discretion as to such person's disability. The party designations and candidates for the different offices are, for example as follows:

Who can tell you "what men of fashion will wear this spring"? We can.

## "FASHION"

wears out more clothes than wear."

That is as true to day as it was in the time of the Bard of Avon. The man who is economically inclined and who wants to be in fashion must put up with cheap tailoring and cheap fabrics, or get first class ready tailored clothes made from the

Most dependable fabrics and that cost far less than a made-to-measure suit from even a cheap tailor.

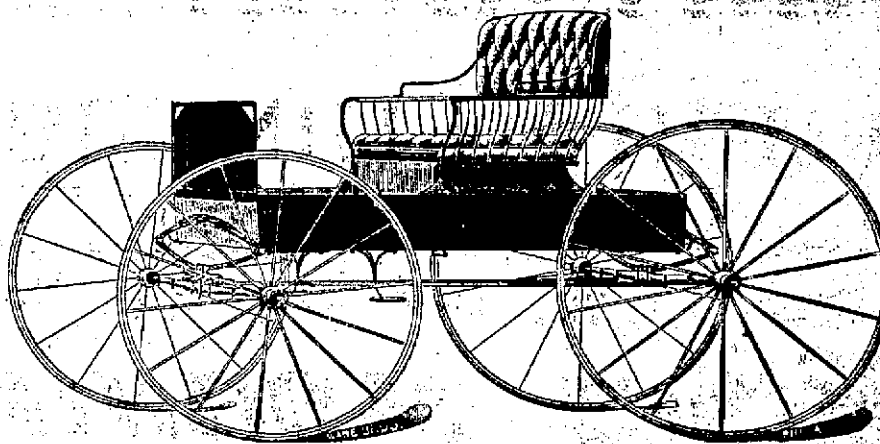

Such clothes can be found bearing our label which has become known to a majority of the well dressed men of this city, as belonging to

## The Finest and Most Stylish Clothing

that don't cost a lot. We are sole agents in this city for several popular lines of clothing and the range for your choice is now both large and varied.

Suits - 12 to \$18  
Top coats 12 to \$15  
SPRING OVERCOATS 12 to \$25

## A Speedy Horse

Should be driven to a light pneumatic speed or road wagon; and you will never know the actual capability of your horse till you hitch him to a light bike wagon. Buy one of our wagons and develop the speed in your animal. It may be worth thousands of dollars to you—and will surely afford you great pleasure. But we have a full line of light vehicles, if you prefer another style.
